NEWS YOU CAN USE

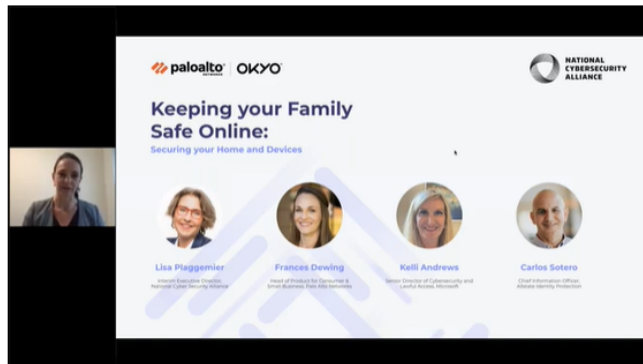

4 Ways to Eliminate Errors in QuickBooks

With tax time here again, I started thinking about accounting. Boy am I glad that's not my responsibility! (Sorry, but it's better for everyone this way.)

Anyway, that got me thinking about how important payroll and accounting is to a business and how it seems to be frustrating in even the most organized and

profitable companies. And that just doesn't seem fair. I mean, I'm sure a lot of it is easier or faster now than it was 20 years ago, but still.

So hopefully this will help. Read Kenneth's clear, expert advice, and have a less stressful payroll next week.

Keeping Your Family Safe Online (Video)

How many connected devices do you have in your home? My guess is...a lot.

And every single one of those cell phones, computers, tablets, smart TVs, speakers, gaming systems, etc. comes with its own vulnerabilities and risks to your home network. Add in the rise of remote work, and home networks need to be better protected than ever.

Watch this National Cybersecurity Alliance presentation and panel discussion to hear cybersecurity and technology experts dive into how you can secure your devices and keep your family safe online.

INSIDE INFINITY

\$2k for a High School Senior (Video)

Our annual scholarship is back!

If you know any graduating high school seniors, please share this opportunity with them. It's open to Chatham, Bryan, and Effingham Counties. Eligibility details and application are on our [website](#).

Click the image above for a 1-minute video about it.

Free Resource

As I mentioned last month, I plan to introduce new features to make this newsletter more valuable for you. So how about a fresh download to help your business?

This month, we have a **30-point checklist** to help you make sure you've got everything in place **to secure your business**.

As a client, you get most of this taken care of for you. We might not have discussed every area in a while though, so if you have any questions, definitely reach out to your vCIO or the Support Team.

And for the items that are geared more towards your employees' training and behavior or other internal processes, let us know if we can help with that, too.

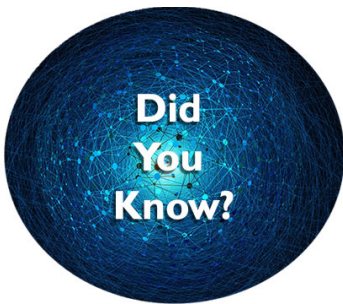

It's a Date (Events)

- [Candler Clays](#) happens happens **February 25-26**.
- The inaugural [Southeast Leadership Forum](#) is **February 28-March 1**.
- Connect Savannah Best of competition voting is **February 28-March 18**.
- [Chamber Oyster Roast](#) at Tubby's Tankhouse is **March 3**.
- [Savannah Antiques & Architecture Weekend](#) is **March 11-12**.

Employee Anniversaries:

- February 16 - Ben - 1 year
- February 18 - Brett - 3 years

Join us on [Facebook](#) or [LinkedIn](#) to share in the celebration of these anniversaries and send your own message of congratulations.

Did You Know?

On this day in 1905, attorney Paul P. Harris held a meeting with 3 of his business acquaintances in downtown Chicago, thus forming the first Rotary Club.

Today, Savannah has 7 Rotary Clubs listed on the national site, plus locations in Richmond Hill, Pooler, Effingham County, and more.

It is considered to be the world's premier international humanitarian service organization. And the name "Rotary" derived from the early practice of rotating meetings among members' offices.

Are you a Rotarian?

Scary Stat

According to a recent PCMag survey of people 18 and older, **70% admit using the same password for more than one thing.**

- 25% sometimes
- 24% most of the time
- 21% ALL the time

Consider how many employees you have logging in to your systems.

And all the [major data breaches](#).

That's terrifying.

Search 'password' on our blog to get a wealth of tips and information to better protect yourself and your network.

Community & Partner Spotlight

Coleman Company, Inc. (CCI) is a civil engineering and land surveying firm based in Savannah, Georgia established in 2013.
